

## Welcome to Nexus Pain Care

Thank you for choosing Nexus Pain Care for your special health needs and concerns. We bring to you the state of the art treatment techniques and medical interventions. Due to the serious problem of prescription abuse in our state, regulations require us to ask very personal and potentially offensive questions. Please answer each question carefully, taking as little offense as possible. We value you as one of our patients and we are looking forward to working with you.

Sincerely,

Your Friends at Nexus Pain Care

**Please note: In order to be seen this packet must be filled completely out. If you need help or want to know how much time you have to fill this out, please contact the front desk.**
